

Our Mission

The Justice, Care and Opportunities Department (JCOD) cultivates a person-centered, coordinated continuum of care for vulnerable justice-impacted individuals and their communities. By leading collaborative system improvement efforts, we focus on prevention, diversion, and reentry to achieve community safety, wellbeing, and equitable justice.

About D.O.O.R.S. AV

The Antelope Valley (AV) Community Reentry Center (CRC) at D.O.O.R.S provides an array of comprehensive supportive services to address the barriers to reentry for justice-involved individuals, particularly those on adult felony supervision, their families and the community. Such services include but are not limited to housing, employment, legal aid, educational support, mental health assessment and linkage, substance use counseling, and health and healing through the arts. The services are provided in a welcoming environment by county partners and community-based organizations that are considered leaders in reentry and experienced professionals with high risk communities.

Our Vision

A Los Angeles County where every justice-impacted individual and their families are empowered with equitable access to opportunities, holistic support, and the resources necessary to heal, flourish, and fully participate in community life. Guided by collaboration, innovation, and unwavering compassion, we envision a future where resilient individuals, united families, and thriving neighborhoods create a foundation for lasting community safety, justice, and shared prosperity.
